## EXPERIENCE

### Software Engineer

#### Happiest Minds Technologies

📅 Jan 2024 – Present

- Working as a full-stack developer with technologies such as React.JS, JavaScript, PHP, AWS, and Pimcore.
- Responsible for solving business-related problems by developing robust CMS, PIM, MDM, and DAM systems.

### Graduate Engineering Trainee

#### Happiest Minds Technologies

📅 Aug 2023 – Dec 2023

### Front End Developer Intern

#### Corizo

📅 Jul 2022 - Aug 2022

- Designed and developed a admin dashboard using tailwind css with a very responsive and clean UI and descent User Experience.

## PROJECTS

### Deep Learning for Self-Driving Cars (Machine Learning))

#### TensorFlow, Keras, Open CV, Convolutional neural network

- Build CNN using TensorFlow and Keras.
- Generate Training data from Self Driving Car Simulation.
- Test model on a Simulator and Deployed on Flask.
- [GitHub Link](#)

### Back-end for Blockchain

#### Node.JS, Express.JS

- Developed a back-end for handling cryptocurrency transactions using Node.JS and Express.
- Implement protected routes and P2P server for blockchain functionality.
- [GitHub Link](#)

### Manga/Book Reading Web App

#### Next.JS, Tailwind CSS, NextAuth.JS, Firebase, MongoDB

- Created a web app for reading manga/books using Next.JS 12 and Firebase.
- Implemented a user-friendly interface with Next.JS 's SSR and API routes.
- Integrated Firebase and MongoDB for storing and fetching assets.
- Build a integrated REST API for CMS coupled with front end.

## EDUCATION

### B.Tech in Computer Science

#### Maharishi Markandeshwar University

📅 July 2019 – May 2023

CGPA : 9.0

### Higher secondary

#### Hari Bhumi Public School, Jind Haryana

📅 May 2018 – May 2019

Per : 73%

### Matriculation

#### Gyan Srover

📅 May 2017

Per : 87%

## LANGUAGES

JavaScript

PHP

Rust

Python

## SKILLS

Machine Learning

Generative artificial intelligence

React.JS

Node.JS

Mongo DB

Express.JS

Tailwind CSS

NEXT.JS

React Native

SQL

Firebase

AWS

GIT

GitHub

## CERTIFICATION

### Full Stack Development

- Certificate in Full Stack Development focusing on MERN stack (MongoDB, Express.js, React.js, Node.js)

### Python

- Introduction to python course.

## SOFT SKILLS

Teamwork

Problem-solving

Attention to Detail

Creativity
